DETAILED ACTION

1. Applicant's arguments filed 07/09/07 have been fully considered but they are not persuasive. The rejection follows.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 20-27 are rejected under 35 U.S.C. 102(b) as being anticipated by Jones 553'.

The patent to Jones 553' discloses a method of playing a collateral wagering game, bonus game, in combination with a standard wagering game, poker game. The game may be played by a group of six players, col. 2, lines 56-61. To play Jones 553' game each player makes a wager in the ante area 14, on an outcome of the poker game with the player also participating in the bonus game, col. 4, lines 8-9. If a player achieves a winning outcome in the poker game, a prize amount, one-to one odds, is paid to the player, col. 4, lines 1-4. Each player that wants to continue playing the poker game places an additional wager or bet in the bet area 16, col. 3, lines 41-45. A prize value to the bonus game is allocated based upon the winning outcome in the poker game, see Bonus Payment Odds, col. 4, lines 15-24. If a player's winning outcome exceeds a minimum win level, Two Pair or better, the player is paid a total prize value

for the bonus game, see Bonus Payment Odds. The total prize value is determined by multiplying the prize value allocated (Bonus Payment Odds 2-to-1 to 250-to-1) by a number of winning shares (bet placed on bet area 16) the player has in the bonus game, col. 4, lines 5-24.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
